depth

what is
extracted

on the left gripper: fits the table plane,
finds and sizes the objects

on the right gripper: the same
for the right arm

across the room: tracks the wearer
for the clearance floor

across the room: the whole scene,
wearer, arms, table, objects

■ depth points on the fitted table plane
 ■ box (colour detector)
 ■ left arm
 ■ right arm
■ cube (colour detector)
 ■ wearer (MediaPipe Pose)
